Notes:

- All prices are exclusive of Value Added Tax (VAT) at the current rate of 15%.
- Option 1** (Safety file only): Rapid Compliance supplies the file. This does not include document sign-off, certification, appointments as health and safety consultant or competent person, or professional review. Rapid Compliance accepts no liability for the file or its use after delivery. Full responsibility for verification, implementation, and compliance rests with the client.
- Option 2:** Full spec safety file including legal appointments, competencies for Risk Assessor, Incident Investigator, Safety Officer, Fall Protection Plan Developer + Implementation. Implementation is included within 30km radius of our Cape Town office. Client must notify us of project start date. A mandatory site visit (charged separately at R860.87 ex VAT) is required one week after implementation. Travel beyond 30km charged at R6.50/km ex VAT. **Additional visit due if project active 30+ days after implementation.**
- Site Visit** includes site inspection (Admin or Physical), Audit / Meeting Attendance with client, Assistance with file implementation, inspection register / toolbox talk training & restock.
- Note:** A full site visit is required 1 week after implementation and is not included in the safety file price.
- Standalone Documents** (Health & Safety Plans, Method Statements, Risk Assessments, Safe Work Procedures, Fall Protection Plans, Emergency Plans, Environmental Management Plans, Waste Management Plans, Traffic Management Plans, etc.): Request Quote
- Retainer Options:** If you need more than 6 safety files per month you qualify for discounted rates. Safety file retainers can be combined with office/workshop retainers and services for an all-in-one inclusive package: Request Quote
- Prices are subject to change. Please confirm at time of order. Custom packages available on request.
